

The IESANZ – NZ Chapter Lighting Awards 2019 are now open.

Please note that although the Lighting Design Award (LiDA) remains, the Luminaire Design Award (LuDA) is now the Lighting Innovation Award (LiLA).

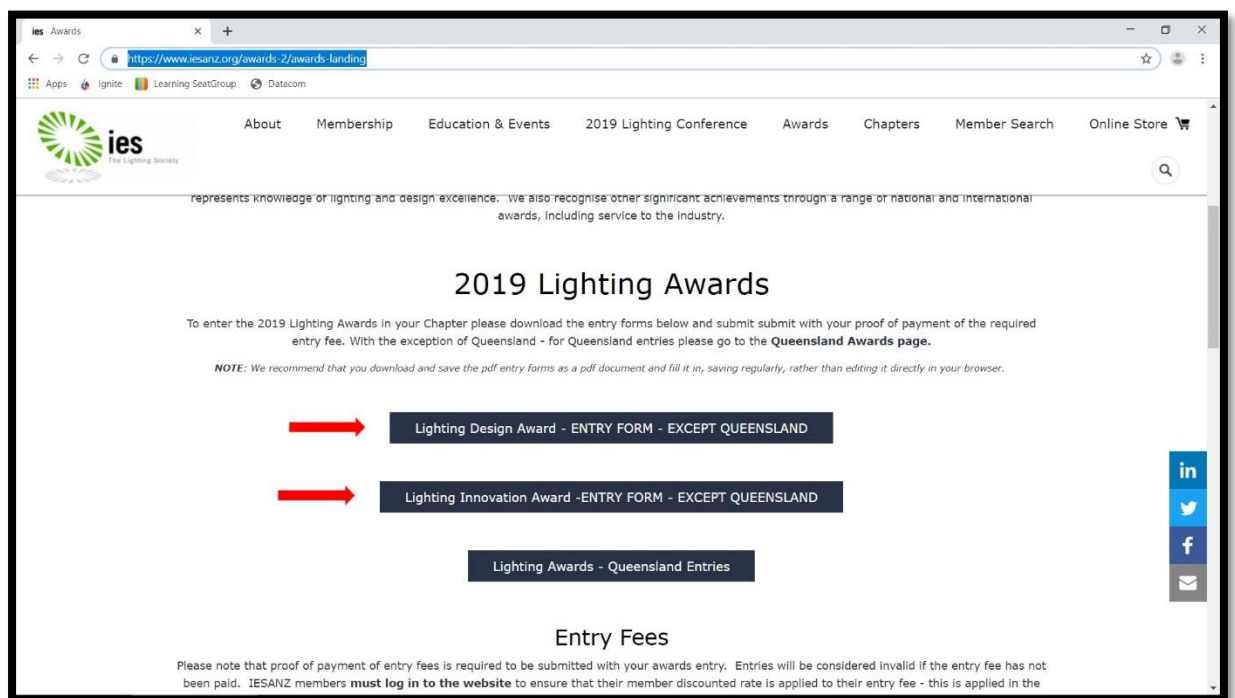

The new LiLA award now includes a much broader scope including lighting technologies, control systems or automation as well as luminaires. It is split into four categories;

- **Conceptual Design**
Limited only by your imagination, your ability to communicate, the judges' ability to understand, and a reasonable chance of being able to be made by humans.
- **Working Model**
Includes a one-off or handmade concept model up to a pre-production prototype.
- **In-Production**
Includes first-production samples and production lines.
- **Bespoke**
Includes one-off purpose built for any particular task.

To enter the awards here in New Zealand, please follow the following procedure:-

1. Download the Awards documents for either the LiDA or LiLA from the IESANZ Website:-
www.iesanz.org
or use the link below to take you straight to the awards page:-
